

Bowie State University

*Highlighting Capabilities and Resources to
Support the Maryland Department of Health*
Friday, September 27, 2019

Background

Bowie State University is the first historically black institution of higher education in Maryland established in 1865.

- #1 for value among Maryland's four-year colleges and universities (The Economist)
- 80% of BSU graduates remain in Maryland and contribute to the state's economic prosperity
- A top 5 university in Maryland for graduating African Americans with bachelor's degrees in nursing, biology and computer/information sciences (Diverse: Issues in Higher Education)
- Bowie State is home to a patent for a silent wind turbine design, developed by a physics professor and a student, which can operate with low wind speeds and is small enough to power a single home.
- The Bowie Business Innovation Center is located on the campus

Facilities and Specialized Equipment

Biology/Chemistry Laboratories

- The state-of-the-art Center for Natural Sciences, Mathematics and Nursing includes 23 new research labs.
- Equipment for biotechnology, bioinformatics, molecular biology, synthesis and characterization of new compounds.

Nursing Simulation Lab

- Premier simulation lab designed to flexibly change as educational strategies emerge.

Virtual Reality Laboratory

- *Applies* cutting-edge VR technology including augmented reality and software engineering. In addition, the lab allows robotics experimentation and research in Multi-agent systems for evacuation.

Cybersecurity and Information Assurance Laboratory

- *Provides* students with state-of-the-art technology equipment and software to attack and defend target computer networks in a secure environment.

PERTINENT PROGRAM/ CONCENTRATION/ CERTIFICATE OFFERINGS

➤ College of Professional Studies

- Behavioral and Human Services
