

FLEXIBLE SPENDING ACCOUNTS

DON'T MISS OUT ON YOUR HEALTHCARE AND
DEPENDENT DAY CARE SAVINGS

A Flexible Spending Account (FSA) allows you to use pre-tax dollars to pay for qualified healthcare or dependent day care expenses. Since FSA contributions are **pre-tax**, you save money by not paying taxes on your contributions.

There are hundreds of eligible expenses for your FSA funds including: prescriptions and doctor office copays, health insurance deductibles, childcare while you work, coinsurance for you, your spouse and eligible dependents.

For more information, contact the Employee Benefits Division (EBD) between 8:00am and 4:30pm Monday through Friday.
