DEPARTMENT OF AGING

SUMMARY

The Department of Aging coordinates State and local services for seniors. These services promote independence and choice, enabling people to age with dignity. Services include: serving meals, housing assistance, medical and long-term care assistance, employment assistance, and educational and recreational programming. The Department's Capital Improvement Program focuses on assisting local governments to construct and renovate senior citizen activities centers. Through the Senior Centers Grant Program, the Department provides grants for up to 50% of the total cost of these projects, up to $800,000 in State funding. Senior citizen activities centers facilitate the coordinated delivery of services to support seniors, e.g. health screening, congregate meals, and educational and recreational programs. For the ten-year period from FY 1999 to FY 2008, the Maryland Department of Aging provided funds to assist in the construction or renovation of 39 senior center projects across the State.
