

2013 Maryland Charity Campaign Kickoff

The 2013 Maryland Charity Campaign's kickoff is off to a great start. The Statewide event was held on September 26, 2013 at the State Center, Main Lobby, 201 W. Preston Street. A variety of charities were on hand to greet State employees and explain a little about their organizations.

In the upcoming weeks, each department will be hosting individual events to benefit the Maryland Charity Campaign in addition to asking for staff donations to the Charity of the employees' choice. We look forward to a great year as we share our bounty with others.

For additional information, please visit the mdcharity.org website. You will find a full list of charities and are able to donate online as well. Thank you for your 'Outstanding' support.
