	A. On-Line Job Postings*	B. Price per Posting**	C. Total Price
1. Minimum Number of Postings required to achieve the lowest price per posting. (Base #)		X \$	=
2. Maximum Number of Postings to meet Not-to- Exceed amount. (GRAND TOTAL)		X \$	= \$25,000.00***

* The minimum number of postings (column A) would establish a base number of postings needed within the one-year contract to guarantee the lowest price per posting. The maximum number of postings is the exact number allowed for the one-year contract term. This number should be multiplied by the price per posting to determine the contract grand total and evaluation price.

** The price per posting (column B) is a constant number and should be the same for both rows.

*** The financial evaluation will be based upon the lowest price per posting for the maximum total number of postings allowed for the proposed grand total price. The winning contractor will be paid on a per posting basis with its grand total in column B not to exceed \$25,000. (As per Sections IV and VI of the solicitation document.)

OPTIONAL ENHANCED JOB BRANDING

Enhanced Job Branding, if requested by a purchasing State agency, would provide detailed postings to look like the State agency's web site and provide additional enhancements to entice prospective employees for the specific jobs pertaining to that State agency.
